Business College Notes.

Prof. Moothart spent last Thursday, and Friday in Dexter, having repurchased the Dexter Business College from Prof. G. L. Smith. Prof. D. L. Sanders, who has been the successful Principal of the short-hand Department work there, during the past year, was taken into copartnership with Mr. Moothart, and the Dexter Business College is now in charge of Mr. Sanders, as local principal, with Prof. Moothart acting as president. The school has a bright future. Prof. Smith was engaged by the present owners as Special Field Solicitor for students, and should prove specially successful in this part of the work.

Prof. Everett Pratte, principal of the Bonne Terre Business College was a caller at our office last Friday. Mr. Pratte is doing good work in the Bonne Terre field, and is in every way worthy of a larger attendance than the school now has. The citizens should not overlook the great value of a business college in their midst.

Next Friday, 30th inst. will be the regular monthly examinations in various subjects. Several of our students are working hard to perfect their work in order to make satisfactory grades.

Prof. Moothart is gratified, indeed to report to the readers of college notes, that at this writing, fifteen (15) of his young men students have signed a binding resolution to abstain from the use of tobacco and intoxicating liquors in any form, while they are students of the Moothart college. Some of the young fellows have not yet signed the paper, but doubtless they will think this matter over carefully, and do so soon. Certainly, this is commendable, and yet in every way necessary in order that young men may be in the best physical and mental condition, to cope with the subjects they are pursuing, so as to fit and prepare themselves as soon as possible for the business office world. We would like to see students of the high schools and other private schools of Missouri following the example set by these worthy young men, and we trust that the citizens of Farmington will highly appreciate the sacrifice that some of them feel that they are making, and in every way encourage them in remaining steadfast to the obligation taken. Probably next week, or in the near future we shall list in this column, the names of these brave young fellows.

Prof. Gossett, gave examinations in the theory of shorthand last week and the following students made the specially high grades of 98, 99, and 100 percent. Misses Rosa Alexander, Ollie Cunningham, Eva Doerge, Katie Crow, and Mr. Cuchanan.

Union Methodist Meeting.

The meeting of last year, conducted by Dr. Harmon at the M. E. Church, South, met with so much approval, and was so generally successful that the two Methodist churches will follow a like plan again this year.

The meeting this time will be held at the M. E. Church, and is to begin February 8th. Rev. Clarence Burton, of Jackson, will be our evangelist. He has proved himself a strong man in such meetings, and we believe that he can lead a great meeting in Farmington.

Let our people remember the date and make their plans accordingly. Get ready for a Revival.
